

Ruhrkunststoff

Manufacturer Certificate

Per/polyfluoroalkyl (PFAS); Perflourooctanoic acid (PFOA)

Issuer: Ocono Ruhrkunststoff GmbH (Weseler Str. 35 | 45478 Mülheim an der Ruhr)

Products: All products of the FLEXADUX and SMARTFLEX product lines made of steel wire, TPU, PVC and/or PVC fabric, PE and PA

Based on the basic chemical structure of the raw materials used in the above products, no per/polyfluoroalkyl substances (PFAS) and perflourooctanoic acids (PFOA) are used as raw materials. However, since PFAS and PFOA are found practically everywhere in nature, the products listed above may contain traces of PFAS and/or PFOA as impurities.

For notice: Many substances can be found everywhere. Checking for the presence of these substances is not part of our ongoing production control.

Please be aware that our products should be considered as large volume industrial products and may contain traces of unknown impurities (coming from the raw materials used or from the manufacturing process itself).

In view of the many factors that may affect the processing and application of our products, this information does not relieve processors from carrying out their own investigations and tests. This information also does not imply any guarantee of certain properties nor the suitability of the products for a specific purpose.

It is the responsibility of the recipient of our products to ensure that any proprietary rights and existing laws and legislation are observed.

SELLER MAKES NO WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, BY FACT OR LAW, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Sincerely

Quality Assurance | Ocono Ruhrkunststoff GmbH
